<p>Agency Mission</p>	<p>The mission of the Division of Regulatory Services is to ensure consumers receive a safe, wholesome, and properly weighed, measured and labeled supply of food, fiber, and other agricultural products. This is accomplished through conducting routine inspections of facilities where food products move in commerce and where weighing or measuring devices are used in commercial applications.</p> <p>Inspectors conduct routine inspections at grocery stores, warehouses, bakeries, meat markets, gas stations, livestock auctions, gravel pits, coal mines, etc. The Division responds to a number and variety of consumer complaints and follows up to ensure the safety of our food supply. Other inspectors perform grading of egg and poultry products and verification of upholstered furniture, bedding and quilted clothing.</p>
